Ref: _____ Date: _____

Instructions

- Make sure that your system is operating in accordance with the licensed parameters without any faults before filing this complaint
- Interference complaint for the same location must not to be resent before one month
- For repeated interference complaints of the same location, do mention previous reference complaints with dates
- This complaint should be focused on individual affected site instead of whole city / province
- Already identified jammer at a particular place should only be reported to PTA for imperative action
- Complaint filer must be the most relevant technical person for necessary coordination
- Complete all appropriate fields and send the filled Proforma to FAB HQs, Plot 112, Sector H-10/4, Islamabad, Pakistan (fax. +92-51-9257595)

Complainant's Details	
PTA / PEMRA license no:	Valid upto:
FAB approval letter no:	Date:
Licensee name:	
Postal address:	

Affected System / Services Details					
Coordinates:			BTS / Site ID:		
Address:					
Type of service / network: ☐ GSM ☐ WCDMA ☐ LTE ☐ CDMA ☐ AM Radio ☐ FM Radio ☐ Wireless Fixed ☐ Aeronautical ☐ Land Mobile ☐ PPDR ☐ Maritime ☐ Satellite ☐ Others					
Assigned frequency:			Type of modulation:		
Affected bandwidth:			Class of emission:		
Antenna system information: Polarization:	Gain:	Tx Power:	EIRP:		
Azimuth of affected sector of BTS w.r.t North :					

Interference Details
Date when interference started:
Trend of interference: ☐ Continuous ☐ Intermittent ☐ Time based ( )
Interference history at the same frequency (if any):
Impact of interference on equipment / network:
Suspected source of interference:
Any additional information:
RF Scans showing interference (latest):
